**"XYPEX AUSTRALIA TAKES GREAT PRIDE IN PIONEERING SUSTAINABLE SOLUTIONS IN THE CONSTRUCTION INDUSTRY, POSITIONING OURSELVES AT THE FOREFRONT OF ENVIRONMENTAL COMMITMENT."**

At Xypex Australia, we wholeheartedly embrace our values by championing Ecological Resilience in every aspect of our operations.

We understand that our clients prioritise sustainable products that offer optimal solutions for their concrete assets.

They seek products that not only deliver high-performance solutions, but also have a positive impact on society and the environment.

By achieving Global GreenTag's CarbonRATE Certification,™ we assure our clientele that our products have undergone rigorous assessment and contribute towards sustainability.

# ZERO CARBON EMISSIONS IMPACT

Developed by Global GreenTag, a leading sustainability certification body, CarbonRate Certification offers a reliable and transparent framework to measure and communicate the environmental impact of a selection of our products.

Our supplementary brand of 'No Equal', embodies more than just our high-performance Crystalline Technology. It represents our unwavering commitment to environmental leadership and excellence.

Beingthere for our clients on their projects is further supported by having zero carbon emission contributions through the use of a selection of our solutions.

# CERTIFIED PRODUCTS

This certification system utilises rigorous scientific methods and industry best practices to evaluate the lifecycle carbon emissions associated with a particular item. It considers various stages, including raw material extraction, manufacturing processes, transportation and use.

By undergoing the GreenTag CarbonRATE™ Certification, we further demonstrate our commitment to ecological resilience and the environment by reducing our greenhouse gas emissions; doing our part in combatting climate change.

## *Conditions of Licence*

The conditions of licence are contained in full in the Ecospecifier Global GreenTag<sup>Cert™</sup> Standard, Terms and Conditions, and Rules for the Use of the Mark Documents as sighted and/or executed by the Licensee.

In summary it is the responsibility of the licensee in particular to:

1. always comply with the relevant provisions of the GreenTag certification program;
2. make all necessary arrangements for the conduct of the future evaluation, including provision for examining documentation and access to all areas, records (including internal audit reports) and personnel for the purposes of evaluation (e.g. testing, inspection, assessment surveillance, reassessment) and resolution of complaints;
3. make claims regarding certification only in respect of the scope for which certification has been granted;
4. not use its product certification in such a manner as to bring the GreenTag into disrepute and not make any statement regarding its product certification which the certification body may consider misleading or unauthorized;
5. upon suspension or cancellation of certification, discontinue its use of all advertising matter that contains any reference thereto and returns any certification documents as required by GreenTag;
6. use certification only to indicate that products are certified as being in conformity with specified GreenTag standards;
7. endeavour to ensure that no certificate or report nor any part thereof is used in a misleading manner;
8. make comment or inclusions solely in accordance with license requirements in making reference to its product certification in communication media such as online, emails, documents, brochures or advertising;
9. Inform GreenTag of any change in the Certified product or manufacturing process that is likely to significantly affect the product's design or specification, or changes in the ownership, structure or management of the Licensee, if relevant, or any other information that indicates the product may no longer comply with the requirements of this Standard;
10. In the event of GreenTag determining changes have been made to product or supplier details and not notified to GreenTag, the Licensee will, on receipt of a GreenTag 'Notice to Rectify', immediately provide GreenTag with the required details and any fees necessary to allow recertification. Failure to do so may result in the withdrawal of the Licence. If the product Licence is withdrawn, the Licensee must, within 7 days, cease to further promulgate all product marketing, packaging, advertising or other material carrying the logo. Furthermore all material carrying the Certification Mark/s must be withdrawn within 90 days.
